Check our website for photos of many of the plants we have to offer.

Our Plants

We offer a unique selection of Paphiopedilums and Phragmipediums. We also carry a variety of species as well as a few odds and ends. We are continuing to concentrate on our strong points which is, in our own lab, producing select Paphiopedilums, Phragmipediums, and species. We create new hybrids, remake old standards and produce an interesting varieties of species using superior parents. We also continue to create new complex hybrids emphasizing vigor and color.

Website vs. the Plant List

This Plant List has a much more comprehensive inventory of plants than our website. We only put plants on the website when we have a good photograph of the flower. You can cross reference the website for photos of the plants listed in the Plant List. We add new plants and photos to the website throughout the year.

Orchid propagation takes time so stay tuned for new additions to our website and Plant List.

The Orchidaceae greenhouses in the spring.

Ordering and Shipping

We accept orders by mail, phone, fax and from our secure website. We usually ship your order on the Monday following the day we receive it. If the weather is too hot or too cold we'll let you know that the order is being held until the weather becomes more favorable.

Events

We are taking a year off of events to focus on some larger projects at the greenhouse. We are really looking forward to a great growing season in Walla Walla. Please visit our website or Facebook page for more details and great photos of what's blooming in the greenhouse and some of the projects we have going.

Terms & Conditions

General Terms. Rest assured, we will pick the best plant we have for your order. We have been and always will be quality orchid growers. We want you to be very happy with your new plants. The best way to keep you coming back is to send you the plants we'd love to own and grow ourselves. We hope you agree.

Please be aware that some of our offerings are in very limited supply. We make every effort to update our list in a timely manner but some plants sell out quickly. We do not make substitutions unless requested. All our plants are subject to prior sale. This listing cancels all previous lists and offerings. Plants offered may be withdrawn at any time for any reason.

Shipping. All plants will be shipped bare root, unless otherwise requested. An additional charge of \$1.00 per plant will be charged for plants shipped in pot. At this time, we only ship within the continental U.S. via U.S. Priority Mail. Upon request we can also ship via Federal Express and UPS for an additional charge. In the winter months, we charge \$3.00 for insulation and a 72-hour heat pack to keep the plants warm in transit. During times of extreme cold we will hold the shipment until the weather warms up enough to ship safely.

Privacy Policy. All information that you provide to us when you purchase products or sign up for our mailing list will be used solely by Orchidaceae, Inc. and will not be resold or shared with another company or person.

Warranty. Orchidaceae, Inc. gives no warranty implied or expressed, as to the productivity of any of the plants we sell and will not in any way be held responsible for the plants purchased. We pride ourselves in the correct names of our plants and do everything in our control to insure that the plants are correctly labeled. In rare instances mistakes may happen. If your plant is found to be incorrectly labeled, please let us know and we'll correct the situation. Many of the crosses that we sell are speculative and it is impossible to predict with certainty the outcome of any hybrid cross. The descriptions we give are our best guesses for the outcome of that particular cross. Our liability, in all instances, is limited to the purchase price of the plants we sell.

Returns. We make every effort to make sure that the plants arrive in excellent condition. If there is a problem with your plants, please notify us within 48 hours of receiving your order to qualify for a refund or replacement.
